Santubong National Park was gazetted in 2007. It covers an area of 1410 hectares. The main attraction in Santubong National Park is *Gunung Santubong* (Santubong Mountain) that has her peak at 810 meters above sea level.

- ✓ Please register yourself at the Park Office. (*leave your contact number at the counter*).
- ✓ There are two trails in Santubong National Park that has different level of difficulty.
- ✓ It is important to observe the difficulty level because some people under estimate the difficulty of climbing Gunung Santubong.
- ✓ It is advisable to start early and do a bit of “stretching” before commencing the climb.
- ✓ The Park has a “CUT-OFF” time at **3:00 p.m.**, it means that you have to start going down at 3:00 p.m. to ensure that you reach the park office before it gets dark.
- ✓ Bring enough water and food for your climb.
- ✓ Use proper footwear because some parts of the trail are quite slippery.
- ✓ Having insect repellent and sun-block is a good option.
